The following Matrix is published to improve transparency/awareness of the AREF Code of Practice and follows AREF's aim to improve Corporate Governance standards and Best Practice to its members and the industry generally.

This Self-Certification Matrix relates to the 2016 version of the AREF Code of Practice ([click here to view](#))

A Minimum rating signifies Compliance with the Code and in order to achieve Best Practice one or more further requirements need to be met.

Self-certification is an annual requirement to enable AREF to understand whether its members are compliant with the Code or not.

Please not: AREF member Funds vary by fund type, structure and investment characteristics. The Matrix should not be used for broad comparison purposes as this may be misleading if comparison is drawn without an understanding of the specific funds being compared.

KEY:

- Minimum compliance
- Best Practice
